

VIRGINIA TRACE LENDING TREE
Updated as of 6/19/2011

The neighbors listed below have the following items that may be borrowed. Contact the neighbor to make arrangements to pick up the item(s) and when you will be returning the item(s) as well. Be sure to leave them your name and number also. And please be a good neighbor and **RETURN** your items to the person who was nice enough to lend it to you. I should not have to indicate this but I have had to remove an item due to someone borrowing something and not returning it to the owner.

If you have any items to add to this lending tree please e-mail Jo-Ann Campbell @ westerndancer@msn.com with a description of the item, your first name and the way in which you prefer to be contacted. Some people only want an e-mail address given and no telephone # so kindly specify how you wish to be listed. Thanks.
